## **ADMINISTRATIVE PROCEDURES FOR IMPLEMENTING DISCIPLINE POLICY**

Our philosophy specifies the following:

*“Classroom discipline is primarily the responsibility of the classroom teachers who are expected to utilize their professional expertise and related resources in attempting to correct student breaches of acceptable behavior. In the event that the student is unwilling to follow the directions of the teacher or by his/her action interferes with the proper operation of the class, it is the obligation and duty of the teacher to correct the student and/or the situation. These resources should include personal conferences with students, after or before school detention, consultation with other teachers, school counselors, and administrators, and **contact with parents/guardians for every infraction that results in a write-up.**”*

Classroom teachers are expected to handle minor classroom disturbances including unexcused tardiness to class. The teacher is responsible for notifying parents/guardians on the fourth unexcused tardiness to class and to follow-up with subsequent unexcused tardiness. After the seventh unexcused tardy, the appropriate administrator and counselor should be notified.

To assist the effort of the classroom teachers, the administrative staff will employ the following guidelines in the hope of reinforcing positive behavior patterns:

## **DEFINITIONS**

### **1. DETENTION:**

#### **Teacher Detention:**

Before or after school detention may be assigned by individual teachers for the purpose of a conference and/or study. Students must abide by teacher requests and the detention must be supervised by the assigning teacher.

#### **CHS After School Detention:**

After/before school central office detention assigned by the Administration. Central office detention will be a “study” session. If work is not assigned, students are still responsible for bringing and doing academic work. Detention will be held after school on Mondays, Tuesdays, and Thursdays from 2:30 to 3:30. There will not be detention on half days or Fridays.

#### **CHS Saturday Detention:**

Detention on a Saturday may be assigned by administration for credit make-up or other infractions. Students will attend detention from 8:00 AM-12:00 PM.

## **2. SUSPENSION:**

The primary purpose of suspension is to encourage parental involvement to assist in producing the desired behavior modification.

### **a. Out-of-School Suspensions**

When a student has been externally suspended (out-of-school) from Carteret Public Schools, he/she/they cannot participate in any capacity in any school-sponsored activity or extracurricular program nor can he/she be on school grounds or in the school building until the suspension period has been properly terminated. A parent conference is required in order for a student to be readmitted to regular classes.

### **b. Alternate Classroom Setting**

The Alternate Classroom Setting is also assigned to students as a disciplinary measure. During this time of restriction, the student is directed to remain in the Alternate Classroom Setting Room for all or part of the school day. The student's regular teachers will assign classwork. The student has the responsibility for submitting completed assignments to his/her teachers and seeing his/her teachers for special assignments. Students not completing assignments will receive no credit for those assignments. Students may not use cell phones while in ACS.

\*Students assigned to ACS will be marked present for the school day. However, ACS will be noted for attendance purposes.

\*Students are NOT PERMITTED to participate in any school activity on the day(s) assigned ACS. This includes all extracurricular activities.

### **c. Mandatory Parent Conference**

Removal from academic setting *until* Mandatory Parent Conference occurs.

## **3. TWO SUSPENSION POLICY:**

Upon the second incidence of out of school suspension and/or all day assignment to the alternate classroom setting, within a semester, a student is NOT PERMITTED to participate in any extracurricular activities, including academic clubs, sports, class trips, and social events for the remainder of that semester.

## **4. APPEALS**

A student may appeal his/her non-participatory status by submitting a written appeal to his/her Vice Principal. The Vice Principal will forward the recommendation of the committee to the Principal. Appeals for loss of credit will follow the above procedure. Athletic appeals must be made to the Athletic Director. Appeals must be made within five school days of notification.

## **New Jersey Annotated**

Any pupil who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or the habitual use of profanity or of obscene language, or who shall deface, or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school.

## Harassment, Intimidation, and Bullying (HIB)

The Board of Education prohibits acts of *harassment, intimidation, or bullying* of a pupil. A safe and civil environment in the school is necessary for pupils to learn and achieve high academic standards. **Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate in a safe and disciplined environment** (excerpt from the Carteret Board of Education Policy # 5512).

Please note that the term "*electronic communication*" means communication transmitted by means of an electronic device, including, but not limited to a cellular phone, smartwatch, or computer.

For complete copies of the policy, please go to the district website or you can obtain a copy in the main office. Contact information for the District Anti-Bullying Coordinator can also be found on the district website [www.carteretschools.org](http://www.carteretschools.org)

### Applicability

These rules apply to students on school premises, on their way to school and on their way home from school, as well as, students included in any school-related activities or functions.

Any of the above major offenses are also subject to police action in accord with disorderly persons (NJS2A:170-29-2-B): assault and/or battery (NJS 2A:170-26) and threat to do bodily harm (NJS 2A:170-26).

## STUDENT ACTIVITIES

### JUNIOR PROM & SENIOR DINNER DANCE

The Junior Prom and Senior Dinner Dance are traditionally held in the spring of your junior and senior years. The following are the procedures developed to minimize disruptions to the educational program and to provide a safe evening for those who attend:

Students in their third year of high school must have accumulated 60 credits (junior status) to attend. Students in their fourth year of high school must have accumulated 90 credits (senior status) to attend.

- Students must be present in school on the day of the Junior Prom and/or Senior Dinner Dance.
- Unexcused early dismissals are not permitted. No students will be released early for appointments. If students are over the age of 18, however, and have filed the "CHS Adult Student Sign-out Letter" in advance, they will be permitted to sign themselves out at the designated time.

- Students and their guests may not attend unless all school fines have been settled.
- Students will purchase bids (tickets) only after school. Each student must provide the name, address, emergency contact information and all other necessary forms for his/her guest when the bid is purchased.
- No refunds will be given for purchased bids (tickets).
- Students who arrive late to the event may not be admitted.
- Students may not leave the event before the scheduled ending time.
- All school rules, policies, and procedures will be in effect for the students and their guests.
- Guests must fall between the ages of 15-20. Guests 21 years of age or older will not be permitted to attend.
- Students are expected to be in good academic standing. This includes grades, behavior, and progress on online courses, if applicable. Any courses on Edgenuity must be completed prior to the purchase of bids.
- The administration reserves the right to amend the above at any time during the school year.

## **CELL PHONES, ELECTRONIC DEVICES AND CHROMEBOOKS**

As electronic devices become increasingly more sophisticated, they have also become a source of distraction and disruption in the classroom. Camera and internet capable cell phones have created incidents of cheating, taking inappropriate photos, bullying, and harassment between students. Additionally, cell phones compromise the confidentiality of students as well as the integrity of the testing and assessment environment of the school.

Therefore, the use of cell phones and other electronic devices not issued by the school is prohibited during the school day, with the exception of study hall, lunchroom, when it is part of an academic lesson, or when granted permission by administration.

Earbuds are not permitted in classrooms. Students may use ONE earbud only during lunch and while passing in the hallways.

### **CONFISCATED CELL PHONES ARE SUBJECT TO REVIEW OF CONTENT BY**

**ADMINISTRATION.** If any material on the cell phone is considered illegal, pornographic, related to drugs, or an act of bullying, the cell phone will be turned over to the local police department.

**Taking photographs or videos of staff or students without the permission of the administration is prohibited and will be subject to disciplinary action.** Violations of this policy may result in the confiscation and/or search of the cell phone/electronic device. Please refer to the student code of conduct for specific consequences regarding this policy.

## **CHROMEBOOK DISTRIBUTION AND USAGE**

Students will be provided with a Chromebook to support their academic learning. Students must be responsible for the use and care of school-issued Chromebooks at all times. Damage to Chromebooks may result in fines and misuse of the Chromebooks may result in loss of Chromebook privileges, as outlined by the Chromebook usage contract.

## **ATTENDANCE & TARDINESS POLICIES & PROCEDURES**

### ***Carteret Board of Education Policy 5230 - Late Arrival and Early Dismissal***

Absence - The non-attendance of a student in the school district.

Students have an obligation to attend school each and every day it is in session. Students are expected to be on time for all classes. Medical appointments and other such matters should be scheduled at times other than school time whenever possible.

Students who are absent may not participate in any type of extracurricular activity on that day. This includes any type of school/club activity, dance, practice and/or game. This applies to all students who participate in trips, sports, play productions, band presentations, etc. Only administrative approval will override the above.

### ***Carteret Board of Education Policy 5200 - Attendance Policy***

Regular attendance at school is vital for a successful education. Please be mindful of the following procedures for unexcused student absences:

1. Once a student accumulates four (4) unexcused absences, the school must send a letter to the parent/guardian advising the parent of such and require the parent to meet with a school administrator and guidance counselor. For students with disabilities, the CST must be involved to intervene and also to ensure that the action plan is in accordance with the student's Individualized Education Program (IEP).

2. Once a student accumulates between five and nine (5 – 9) unexcused absences, the building administrator is to notify the Attendance Officer. The Attendance Officer will send a letter to the parent advising that action will be taken by the office if the child does not attend school.
3. The school must continue to investigate (along with the parent) the cause of the unexcused absences, revising the action plan by establishing outcomes based upon the student's needs and specify the interventions for achieving the outcomes, supporting the student's return to school and regular attendance.
4. For cumulative unexcused absences of 10 or more, the student, between the ages of six and sixteen, is truant pursuant to NJSA 18A:38-27, and the school district shall:
  - Make a mandatory referral to the court program required by the New Jersey Administrative Office of the Courts.
  - Make a reasonable attempt to notify the student's parents of the mandatory referral
