Carteret Junior High School Families,

We are pleased to welcome our Carteret Junior High School families to our Carteret Junior High School. We are excitedly awaiting the start of a new school year so that your children can fill our school with their energy and enthusiasm for learning. Our mission is to build a Carteret Junior High School community that focuses on student engagement, academic achievement, and building relationships through enhanced communication. We will assist every child to feel welcome, safe, connected, and an integral part of our CJHS family. We will continue striving for academic excellence and focusing on social and emotional growth.

Carteret Junior High School students will gain academic, social, and emotional skills to prepare for Carteret High School. This year's programs will focus on student engagement and academic achievement, providing individualized instruction to meet their needs. Our restorative justice approach to resolving conflicts will enable students to reflect and repair relationships through reconciliation. The Wingman Program will train our students to become socially and emotionally prepared for life challenges. Our Rising Rambler initiative will enable students to build positive relationships with peers.

My goal is to guide and support our staff and students to reach their highest potential in a safe and nurturing environment. I look forward to spending time with your children and getting to know their personalities, learning styles, and interests. I will celebrate their successes and encourage them to see they are both valued and have a special place in our school community.

Please do not hesitate to contact me with any suggestions or concerns.

Thank you,

Tara Romero
