

## CHEAT SHEET Student Dashboard

This cheat sheet is designed to help you navigate and understand how to use the student dashboard.

### Navigation:

- 1 Students can use the bottom navigation to access **To Do**, **My Progress**, **My Stuff**, **Bookshelf**, **Tools**, and **Learning Games** screens.
- 2 Family members can click the **Family Center** icon to learn more about how to support and encourage their child's success with *i-Ready*®. For more specific support on *Ready Classroom Mathematics*, visit the Family Resources (see #14 under Bookshelf).
- 3 Students can click the **X** to log out.

### To Do screen:

- 4 **Teacher Assigned:** Students can access assignments by clicking on them in their To Do screen.
  - 4a Assignments are **prioritized by due date** if set by the teacher.
  - 4b Students in Grades 3+ can use this toggle to see **Current** or **Past Due** assignments.
  - 4c Using the scroll bar, students will see up to five **Current** assignments and five **Past Due** assignments at a time.
 

**Note:** Students in Grades K–2 will see up to two **Current** assignments and two **Past Due** assignments at a time. Use the down arrow to view Past Due assignments (not pictured).
- 5 **My Path:** The Diagnostic will appear here when the teacher assigns it. If the school has *i-Ready* Online Instruction, the *i-Ready*-Assigned Lessons will also appear here.

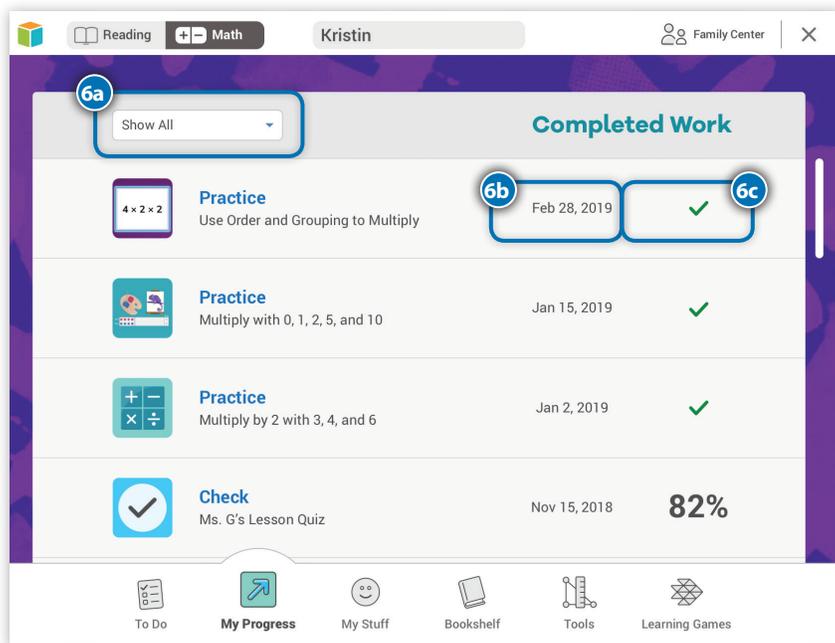

**Note:** Students in Grades K–2 have a developmentally appropriate interface. Certain features may vary in their presentation from the above images. In addition, the assignments and assessments a student sees on their dashboard are dependent on what has been assigned to the student by the educator, as well as the student's personal learning path if using *i-Ready* Online Instruction.

**My Progress screen:**

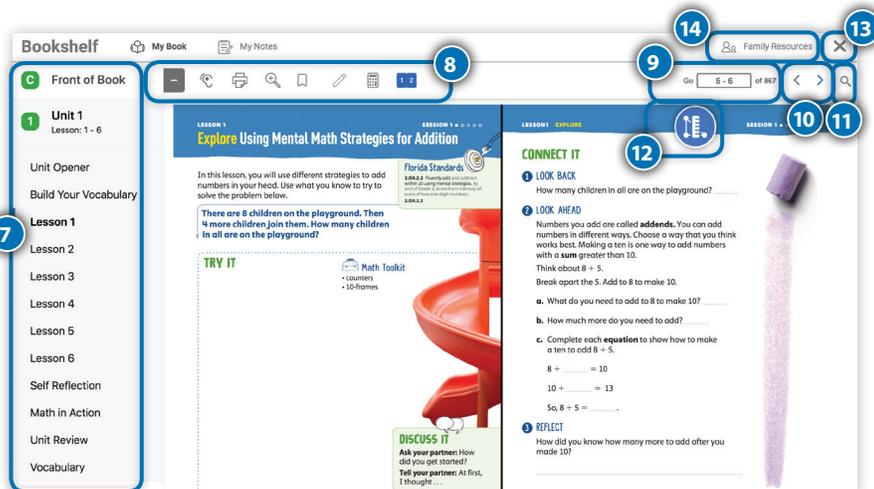

- 6a Students can use this **dropdown** to switch between completed assignments, Comprehension Checks, and completed Diagnostics. If filtering by completed lessons, student can further filter completed lessons by domain.
- 6b Students see the **date of completion** for completed work.
- 6c Students see **scores** for Comprehension Checks and the Diagnostic.

**My Stuff screen (not pictured):** Students can use this screen to select background themes and Study Buddy characters for Grades K–2.

**Bookshelf:**

- 7 Use this menu to navigate to a specific **Unit** and **Lesson**.
- 8 Use these navigation tools to access text-to-speech features, print pages, adjust the zoom, bookmark a page, highlight and make notes, access a calculator, or switch between a one- or two-page view.
- 9 Enter a page number to go directly to a specific page within the Student Worktext.
- 10 Click the arrows to page forward or backward within each lesson.
- 11 Search by **keyword** here.
- 12 The **tools button** launches the digital tools that apply to the lesson page shown.
- 13 Click here to return to the dashboard.
- 14 Students and families can click here to access Family Resources that specifically support *Ready Classroom Mathematics* on ReadyClassroomCentral.com.

**Tools screen (Not Pictured):**

A full suite of virtual manipulatives allows students to explore mathematical concepts using multiple models.

**Learning Games screen (Not Pictured):**

Playful fluency practice allows students to explore essential skills in a low-stakes setting.
